Malmö Commitment

“The Malmö Commitment brings together local and regional governments to drive sustainable development with social equity at its core.”

12 Pioneer cities 9 Support cities

Pioneer cities chose 3 areas (not compulsory) and set indicators in regard to those priorities, commitment to focus on social equity in these climate areas

Cities exchange and showcase their work. It is not a competition, its cooperation

Identify – Design – Report - Inspire

Green and Social bonds in Malmö

Malmö has after several launches of Green bonds to fund our climate work, become the first city in the world to launch Social bonds

Social bonds, a socially sustainable investment aims to prevent, counteract, reduce or solve a specific and limited social challenge for one or more vulnerable target groups.
